

It's time to think about photos for the 2014 BCHI calendars.

In addition to being great horsemen, SBBCHI members are also noted for some spectacular photography. It is time for each of you to go through the images you've taken at various SBBCHI activities during 2012 and choose the photos you would like to submit for the selection process.

Once we have compiled all the photos for consideration, the membership will vote on their favorites. We are allowed to submit up to 50 photos to the BCHI.

In choosing images please keep these things in mind:

- Because these images will be printed, rather than electronically viewed, they *must be as large a file size and resolution as possible* and they must be *JPEG format (.JPG)*
- Photos should be taken in Idaho.
- Photos must have a horse/mule in the shot, unless it's of a work project. Kids and trail riding are big hits. Nature shots take a back seat, other than as a nice backdrop for an action shot.
- Heads and faces preferred over tails and backs.
- Photos are needed for all four seasons.
- No resubmission of photos already used in previous calendars. Photos taken in 2012 take precedence.
- Each photo submitted must be accompanied by:
 1. File name (file-naming convention – initials0xx.jpg) Example:” rwa001.jpg”
 2. Trail name, park/wilderness name and state
 3. Names of people in photo, listed from left to right
 4. Photographer's name, phone and email address

Please have images uploaded to the [2014 BCHI Calendar picture](#) folder that Rob has set up on the [SBBCHI website](#) by **February 15, 2013**. *Send required photo information* in an email to pictures@sbbchidaho.org

Let's populate the 2014 calendar with photos from our own Squaw Butte Back Country Horsemen!
