

Gabe's Peak Trail Head – Horse Camp Site

About ¾ of a mile up the road toward the Gabe's peak trail head is a nice campsite for up to six or so trailers that is well shaded and has great places for high lines and water.

SPOT Check OK. Just checking in with my current location. // Rob //

44.41819 latitude, -116.20056 longitude

Rammage meadows are at the intersection of this road and NF 653. The GPS coordinates are taken from the center of this site

Gabe's peak trail head is the road on the left.
